The Investment Week Sustainable Investment Awards have honored fund managers who play a key role in the development of sustainable investing for the past 17 years. We are pleased to see Carmignac Portfolio Grande Europe named “**Best Sustainable European Fund**”.

Carmignac Portfolio Grande Europe invests in European companies that make significant and measurable positive contribution to the environment and the society based on their alignment to the United Nations Sustainable Development Goals.

Thanks to a structured and quantifiable process, paired with a SRI filter and ESG integration, the Fund identifies companies with high sustainable profitability combined with internal reinvestment.

For the fund categories, the judges considered factors including whether the fund met its sustainable objectives; excellence in sustainable investing within the investment process; performance record, and key developments in the strategy over the past year.
